mugs cluttering
your cupboard
to share.**

Special Children's Area and Activities

There will be a designated area where children can trade things such as Pokémon cards, graphic novels, outgrown toys or games and puzzles. Some will be set up so children can play.

The Share Fair is a first attempt to bring our neighborhood together to share what we are not or cannot use, enjoy getting to know each other better, and keep usable items out of our landfill.

There will be no need to donate in order to find and take a treasure home. Financial donations, though, will be gladly accepted on behalf of the Birchwood Food Desert Fighters.
