

Baha'i Faith: History and Teachings

Wednesdays, April 15, 22, 29

6:00 - 8:00 PM

Lina Zeine, PhD

Next to Christianity, it is the most widespread religion in the world today.

We will look at the teachings and principles given by Baha'u'llah (1817 - 1892), the Prophet-Founder of the Baha'i Faith, whom Baha'is around the world regard as the Messenger of God for this day. The cornerstone of Baha'u'llah's teachings is the establishment of the unity of humankind. This class will introduce us to a thoroughly inclusive religion, which accepts the divinity and sanctity of all Faiths, and will describe the birth and history of Baha'i Faith.
